***To consider and act upon a Resolution entitled:***
***RESOLUTION APPROPRIATING $18,295,000 FOR CITY OF ANSONIA CAPITAL IMPROVEMENTS 2016-2017 AND AUTHORIZING THE ISSUE OF UP TO $18,295,000 BONDS OF THE CITY TO MEET SAID APPROPRIATION (OR SUCH LESSER AMOUNT IF LESS THAN ALL COMPONENTS ARE APPROVED) AND PENDING THE ISSUANCE THEREOF THE MAKING OF TEMPORARY BORROWINGS THEREFORE.***

*A public hearing on the above resolution preceded this meeting.*

**Alderman Carroll MOVED to waive the reading of the entire resolution and to incorporate it's full text into the minutes of this meeting (attached); SECONDED by Alderman Radin. A voice vote was taken and the MOTION PASSED 12-0.**

**Alderman Carroll MOVED to amend the 2016-2017 City of Ansonia Capital Improvement Bond Resolution by inserting the phrase "(or, if it is determined that Olson Drive is not suitable, such other location as determined by the Board of Aldermen)" after the term "Olson Drive" wherever it appears in the resolution, including the ballot label." SECONDED by Alderman Kaslaitis.**

Alderman Vaccaro speaks in favor of the Olson Drive location.

Alderman Carroll speaks of the City's desperate need for a new Police facility.

Alderman Radin speaks of the need for a new Police facility and explains that the $12 million is a low-interest federal loan that will be paid back over 40 years and not bonding.

Alderman Carroll notes that this is not bonding for the Police Department but that it is a federal loan. If the money is not used, it does not have to be paid back.

Alderman Jeanette asked if the money is borrowed and the new Police facility doesn't go through, can the money be used for any other purpose?

Attorney Fasi replied no. It is only for a Police facility and you can't use the money for any other purpose.

**A voice vote was taken and the MOTION PASSED 12-0.**

**Alderman Carroll MOVED TO ADOPT the Resolution AS AMENDED; SECONDED by Alderman Vaccaro.**

Alderman Stowe notes that there are typos in the Resolution that he wishes to see amended.

Under Board of Education where it says "paved" access road to Coe Lane, it should say "milling." He noted there is a vast difference between paving and milling.

Attorney Fasi noted that the description generally describes that you're creating an access road. It isn't necessary to go through the process to amend the resolution for that change.

Alderman Stowe wants the language to be clear. He also noted that the Administrative Vehicle is for the Police. He reminded Mr. D'Alessio that we're supposed to approach the town of Derby to see if they'll split the cost of the Tractor with Roadside Mower.

Alderman Blackwell, in speaking with Chief Hale, would like to amend the Resolution to eliminate the Police Department Building Security Upgrade in the amount of $30,000 and move that $30,000 to ARMS for a Lucas II Chest Compression System.

In addition, Chief Tremblay would like to reallocate funding under Public Safety – Fire – New Radio Equipment (mobile and portable) $70,000 and fund the Vehicle Extrication Equipment in the amount of $50,000.

**A recess was observed from 8:58 – 9:02 p.m.**

**Alderman Carroll RESCINDED his motion to adopt the resolution as amended; Alderman Kaslaitis RESCINDED his second.**

**Alderman Carroll MOVED TO AMEND THE RESOLUTION AS FOLLOWS:**

- **Public Safety - $50,000 line item for new mobile radio equipment comes out – Vehicle Extrication Equipment replaces new mobile radio equipment. The dollar amount remains the same.**

- **$70,000 for new portable radio equipment – the word "portable" comes out.**

- **The $30,000 line item for Police Building Security upgrade comes out and is replaced by ARMS Lucas II Chest Compression system. There is no change in the dollar amount.**

**SECONDED by Alderman DeLibero. A voice vote was taken and the MOTION PASSED 12-0.**

**Alderman Carroll MOVED to ADOPT the Resolution AS AMENDED; SECONDED by Alderman Henri. A voice vote was taken and the MOTION PASSED 12-0.**

---

***To consider and act upon a Resolution entitled:***
***RESOLUTION PROVIDING FOR REFERENDUM VOTE TO BE HELD ON NOVEMBER 8, 2016.***

**Alderman Carroll MOVED to waive the reading of the entitled Resolution and to incorporate it's full text into the minutes of this meeting (attached); SECONDED by Alderman Henri. A voice vote was taken and the MOTION PASSED 12-0.**

**Alderman Carroll MOVED to AMEND the referendum Resolution by inserting the phrase, "or, if it is determined that Olson Drive is not suitable, such other location as determined by the Board of Aldermen," after the term "Olson Drive" wherever it appears in the Resolution, including the ballot label. SECONDED by Alderman Kaslaits.**

Alderman Stowe reminded the Aldermen that during Finance Committee deliberations, there were some conditions such as a design/build plan for the new Police facility, which roads to pave, and the Police facility costs cannot exceed the approved $12 million.

Attorney Fasi noted that this Resolution sets the referendum. It is not the bond Resolution which has already been adopted. If the City is fortunate enough to obtain the 40-year low-interest USDA funding, it will save an enormous amount of money. However, if there is a design/build condition on that project, you will not get the USDA money. They will not finance a design/build. He suggested adopting a separate Resolution that expresses the City's preference for a design/build in that they get it if at all possible from the USDA for this project.

Ms. O'Malley stated, if you are going to borrow or get any kind of grant money or loan money, you will follow the directions of the agency that is the funder. We will follow those directions. We are borrowing from USDA and we will follow the USDA guidelines. We will, as Attorney Fasi suggested, express to the USDA that we would like to do a design/build, but we will follow federal and state regulations with respect to these grants and loans.

Attorney Fasi noted that policies that affect the implementation of the projects are made at a different time.

**A voice vote was taken and the MOTION PASSED 12-0.**

---

***To consider and act upon a Resolution committing the Board of Aldermen to utilize 34 Holbrook Street (otherwise known as Peck School) exclusively for public use once***

***purchased, demolished and remediated by the City of Ansonia in connection with the bond issuance of 2013.***

**Alderman Vaccaro MOVED to ADOPT the Resolution; SECONDED by Alderman Cassetti.**

In response to questions by Alderman Radin, Corporation Counsel Marini explained, this relates to the 2013 bond issuance. The Board needs to move in September to transfer some of the unused funds from the 2013 projects into items you would like to accomplish - one of those being the purchase and demolition of Peck School. If the Board of Aldermen in September does not approve that, this will be a moot point. This is simply saying that if it actually occurs, if the Board acquires Peck School and demolishes it, we have to understand that we are bound to use it for public use. If we want to use the bond money to do this demolition we would be confined to a public use.

Attorney Fasi stated, bonds never were issued for the purpose of the demolition would have to be used for a different purpose if the property was acquired by the City and subsequently [inaudible]. This has to be used for a governmental purpose – use by the City. The Resolution before you says, if you buy it, you plan to use it for a government purpose and not sell it to a private individual.

Alderman Carroll asked if it could be used as a park.

President Tripp stated, exactly - to lower the housing density of the 5th Ward.

**A roll call vote was taken as follows:**

as more fully set forth in the City of Ansonia Long Range Capital Improvement Plan, 2016-2017, as the same may be amended from time to time, hereafter the "Project". The Project shall include all expenses necessary and appropriate to accomplish the Project, including planning, acquisition and construction, remediation, demolition expenses, repair or reconstruction required of demolition sites, appurtenances or utility, road, sidewalk and abutting property, horizontal and vertical realignment, drainage installation, reclamation, paving, curbing, milling, capping, utility relocation, engineering or other design or implementation professionals, consultants, appraisers, equipment, legal, advertising, printing, financing and administration costs, or so much thereof as may be accomplished within said appropriation, or such additional improvements as may be accomplished within said appropriation. The Board of Aldermen may prioritize projects and allocate resources among purposes as necessary to accomplish as many purposes as possible, or substitute another manner of achieving a result sought to be achieved by a listed project. Said appropriation shall be in addition to grant funding and all prior appropriations for the Project.

Section 2. To meet said appropriation $18,295,000 bonds of the City or so much thereof as may be necessary for such purpose, shall be issued, maturing not later than the twentieth year after their date, or such later date as may be allowed by law. Said bonds may be issued in one or more series as determined by the Mayor and the City Treasurer, (the "City Officials") and the amount of bonds of each series to be issued shall be fixed by the City Officials. Said bonds shall be issued in an amount which will provide funds sufficient with other funds available for such purpose to pay the principal of and the interest on all temporary borrowings in anticipation of the receipt of the proceeds of said bonds outstanding at the time of the issuance thereof, and to pay for the administrative, printing and legal costs of issuing the bonds. The bonds shall be in the denomination of $1,000 or a whole multiple thereof, or, be combined with other bonds of the City and such combined issue shall be in the denomination per aggregate maturity of $1,000 or a whole multiple thereof, be issued in bearer form or in fully registered form, be executed in the name and on behalf of the City by the manual or facsimile signatures of the Mayor and the City Treasurer, bear the City seal or a facsimile thereof, be certified by a bank or trust company designated by the Mayor, which bank or trust company may be designated the registrar and transfer agent, be payable at a bank or trust company designated by the Mayor, and be approved as to their legality by Joseph Fasi LLC, Bond Counsel, of Hartford. They shall bear such rate or rates of interest as shall be determined by the City Officials. The bonds shall be general obligations of the City and each of the bonds shall recite that every requirement of law relating to its issue has been duly complied with, that such bond is within every debt and other limit prescribed by law, that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon and shall be paid from property taxation to the extent not paid from other funds available for the payment thereof. The aggregate principal amount of the bonds to be issued, the annual installments of principal, redemption provisions, if any, the date, time of issue and sale and other terms, details and particulars of such bonds, shall be determined by the City Officials in accordance with the General Statutes of the State of

Connecticut, as amended. In connection with the issuance of any bonds or notes authorized herein, the City may exercise any power delegated to municipalities pursuant to Section 7-370b, including the authority to enter into agreements moderating interest rate fluctuation, provided any such agreement or exercise of authority shall be approved by the Board of Aldermen. In order to meet the capital cash flow expenditure needs of the City, the Mayor is authorized to allocate and reallocate expenditures incurred for the Project to any bonds or notes of the City outstanding as of the date of such allocation, and the bonds or notes to which such expenditures have been allocated shall be deemed to have been issued for such purpose, including the bonds and notes and Project herein authorized. "Bonds" as used herein shall include any form of loan financing made available to the City, including a bank, USDA, Clean Water Fund, or other government or non-government sourced financing. The Mayor is authorized to apply for and accept any such financing.

Section 3. Said bonds shall be sold by the City Officials in a competitive offering or by negotiation, in their discretion. If sold at competitive offering the bonds shall be sold upon sealed proposals, auction, or other competitive process at not less than par and accrued interest on the basis of the lowest net or true interest cost to the City. A notice of sale or a summary thereof describing the bonds and setting forth the terms and conditions of the sale shall be published at least five days in advance of the sale in a recognized publication carrying municipal bond notices and devoted primarily to financial news and the subject of state and municipal bonds. If the bonds are sold by negotiation, the provisions of purchase agreement shall be subject to approval of the Board of Aldermen, provided that the terms and provisions of bonds sold to the USDA or pursuant to other rate subsidized government program shall be determined by the City Officials. With respect to the receipt of original issuance premium or bid premium upon the sale of the bonds or notes herein authorized, the Mayor is authorized, but not required, to apply original issuance premium and bid premium, if applicable, to fund any purpose for which bonds of the City are authorized to be issued, and such application shall reduce the amount of authorized and unissued bonds of the purpose to which the premium was applied, in the amount so applied.

Section 4. The City Officials are authorized to make temporary borrowings in anticipation of the receipt of the proceeds of said bonds. Notes evidencing such borrowings shall be signed by the City Officials, have the seal of the City affixed, be payable at a bank or trust company designated by the Mayor, be approved as to their legality by Joseph Fasi LLC, Bond Counsel, of Hartford, and be certified by a bank or trust company designated by the Mayor pursuant to Section 7-373 of the General Statutes of Connecticut, as amended. They shall be issued with maturity dates which comply with the provisions of the General Statutes governing the issuance of such notes, as the same may be amended from time to time. The notes shall be general obligations of the City and each of the notes shall recite that every requirement of law relating to its issue has been duly complied with, that such note is within every debt and other limit prescribed by law, that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon and shall be paid from property taxation to the extent not paid from other funds available for the payment thereof. The net interest cost on such notes, including renewals thereof, and the expense of preparing, issuing and marketing them, to the extent paid from the proceeds of such renewals or said bonds, shall be included as a cost of the project. Upon the sale of said bonds, the proceeds thereof, to the extent required, shall be

applied forthwith to the payment of the principal of and the interest on any such notes then outstanding or shall be deposited with a bank or trust company in trust for such purpose.

Section 5. Resolution of Official Intent to Reimburse Expenditures with Borrowings. The City (the "Issuer") hereby expresses its official intent pursuant to §1.150-2 of the Federal Income Tax Regulations, Title 26 (the "Regulations"), to reimburse expenditures paid sixty days prior to and after the date of passage of this ordinance in the maximum amount and for the capital project defined in Section 1 with the proceeds of bonds, notes, or other obligations ("Bonds") authorized to be issued by the Issuer. The Bonds shall be issued to reimburse such expenditures not later than 18 months after the later of the date of the expenditure or the substantial completion of the project, or such later date the Regulations may authorize. The Issuer hereby certifies that the intention to reimburse as expressed herein is based upon its reasonable expectations as of this date. The Comptroller or his designee is authorized to pay project expenses in accordance herewith pending the issuance of reimbursement bonds, and to amend this declaration.

Section 6. The Mayor or his designate is hereby authorized to exercise all powers conferred by section 3-20e of the general statutes with respect to secondary market disclosure and to provide annual information and notices of material events as enumerated in Securities and Exchange Commission Exchange Act Rule 15c2-12, as amended, as may be necessary, appropriate or desirable to effect the sale of the bonds and notes authorized by this ordinance.

Section 7. It is hereby found and determined that the issue of all, or a portion of, the Bonds authorized to be issued herein as qualified private activity bonds, or with interest that is includable in gross income of the holders thereof for purposes of federal income taxation, is in the public interest.

Section 8. This resolution shall not take effect unless and until approved at referendum to be held in conjunction with the national election on **November 8, 2016**. The questions to be voted on shall be as follows:

Shall the City issue not exceeding $1,565,000 general obligation bonds for City of Ansonia Education facility improvements including a truck and equipment storage building, energy conservation, Mead School parking lot repair, paving the Coe Lane access road, equipment replacement, and for debt administration, pursuant to the resolution adopted by the Board of Aldermen and BOAT?
