Dear Mr. Carroll:

The Valley Council of Governments' board, at their meeting on June 11th, took up your letter of May 23rd regarding Ansonia Public Library's microfiche of *The Evening Sentinel* archive. The Chief Elected Officials indicated that they require further information from you in terms of estimated cost, timeframe and project description, as well as a list of other potential partners and funding sources, so that, at a future VCOG meeting, they may consider assisting the effort.

Feel free to give me a call to discuss or set up a time for me to meet with you and review the archive.

Very truly yours,

Dear Mayor Casseti, Mayor Dugatto, First Selectman Miller and Mayor Lauretti:

The Ansonia Historical Commission has recently been made aware of the dire condition of the Ansonia Public Library's available microfiche of The Evening Sentinel. The storied past of all Naugatuck Valley towns is chronicled and preserved in this media which is quickly deteriorating. We are concerned that the other local public libraries may be facing this similar problem.

Digitizing the microfiche, which is a costly undertaking, would be a viable route to preserving this historic legacy. We would appreciate any assistance the Valley Council of Governments could provide and look forward to hearing from you.

Sincerely,

Randolph F. Carroll
